Testimonials

Women Changemakers event proved to be fruitful for us and I appreciate the engagement from both sides to get a desirable yield. Such events not only help convert key talent, but also help position the brand with potential future candidates and that is the key value proposition. Every possible value/final yield is a function of good registrations and I think Stockroom has focus on this key input from the beginning. I hope to bring more value to attract key talent through such engagements in the future.

~ Kanwal Kaul, Director, Head of Group Resourcing, Royal Bank of Scotland

The event was well-organized with good footfall. Thanks for all the help and support extended to us, appreciate it. We look forward to continued partnership between Stockroom and ThoughtWorks.

~ Anu George, Employer Brand Catalyst, Thoughtworks

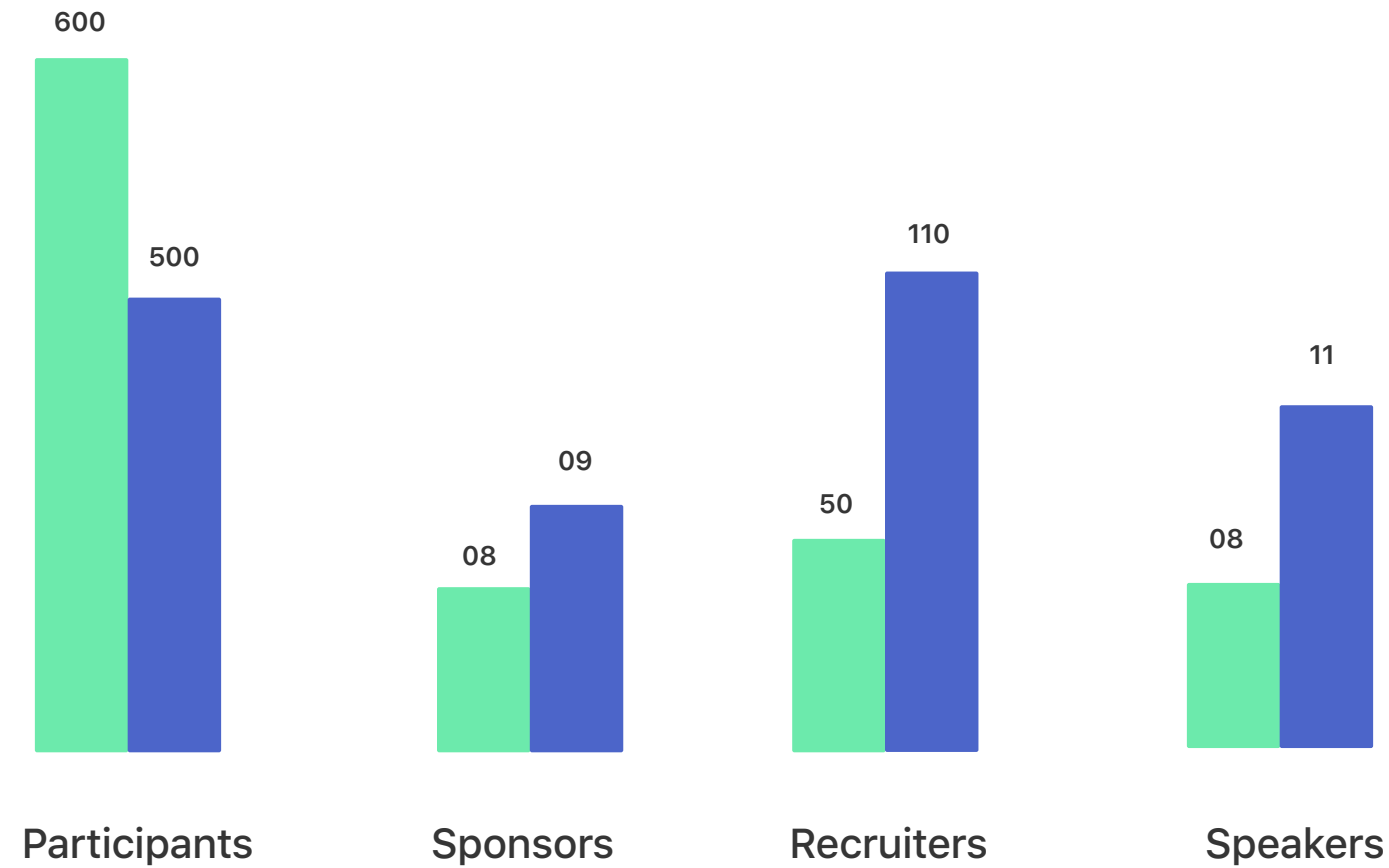

It was a great platform for organizations to connect with diverse talent pool, given the size and scale of the event in terms of industry as well as individual participation.

The success of the event was evident from the fact that participation was great in spite of the event being held on a long weekend.

~ Richa Pathak, Service Delivery Leader, Talent Acquisition India, American Express
